PROFESSIONAL SUMMARY

Technical Writer with experience in SaaS product documentation, including user guides, API documentation, GUI documentation, release notes, and onboarding guides. Skilled in Markdown, Git, docs-as-code workflows, and DITA XML, with experience collaborating with engineers and SMEs to create accurate, user-focused documentation.

EXPERIENCE

Technical Writer | VisAi Labs Pvt. Ltd., Chennai

May 2025 – Nov 2025

Technical writer for vAudit, a SaaS logistics auditing platform.

- Owned the complete Documentation Development Life Cycle (DDLC) across multiple platform modules, from planning and drafting to review and release.
- Authored user guides, GUI documentation (UI screens, tooltips, error messages, and interface walkthroughs), API documentation, release notes, and onboarding content across multiple platform modules.
- Collaborated directly with engineers and product managers to gather requirements, validate technical accuracy, and document new features before each release.
- Managed documentation in Git repositories, authoring in Markdown and maintaining version control across release cycles.
- Conducted functional walkthroughs to verify documentation accuracy against actual system behaviour, identifying gaps before content reached end users.

Content Engineer / Associate Analyst | GlobalLogic India Pvt. Ltd. (Contract)

May 2024 – Sep 2024

- Evaluated AI-generated and human-authored technical content for a Fortune 500 e-commerce client against structured quality metrics, ensuring accuracy, consistency, and contextual appropriateness.
- Served as an informal mentor to 6 team members, supporting onboarding and quality calibration; represented the team in project review discussions.
